Ozone Module

Aquapure ozone generator module uses the latest Duran/Quartz tube with 316 Stainless Steel (Titanium optional) electrode technology, the best way to get a stable ozone output and high ozone concentration.

This series of ozone module can be widely applied in varied industries for sterilization and disinfection.

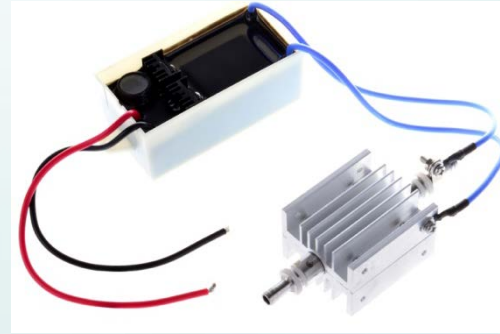

Ozone module—DC version

Specification:

Ozone Output:200mg/h
Electronic:100x35x26mm
Generator: 76.3x40x30mm
Air Flow: 1.0L/min
Voltage: 12V DC
Power: 6W
Weight:0.17kg

AOT-D-200

Specification:

Ozone Output:500mg/h
Electronic:100x41x33mm
Generator: 100.6x40x30mm
Air Flow: 2.5L/min
Voltage: 12V DC
Power: 10W
Weight:0.30kg

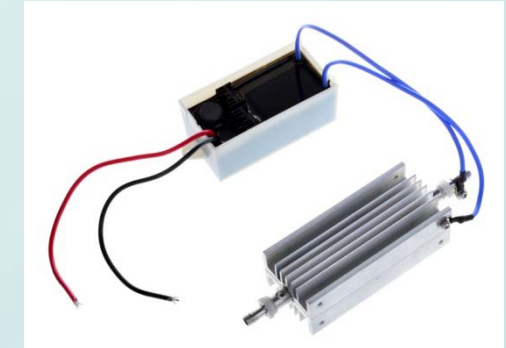

AOT-D-500

Specification:

Ozone Output:500mg/h
Size:139x78.4x57.5mm
Air Flow: 2.5L/min
Voltage: 12V DC
Power: 12W
Weight:0.55kg
Built-in ball-bearing fan

AOT-FD-500

Specification:

Ozone Output:700mg/h
Electronic:100x41x33mm
Generator: 145.6x40x30mm
Air Flow: 8.0L/min
Voltage: 12V DC
Power: 12W
Weight:0.35kg

AOT-D-700

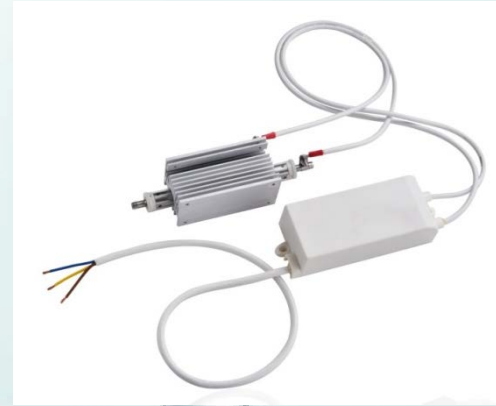

Ozone module—AC version

Specification:

Ozone Output:500mg/h
Electronic:96x83x30.5mm
Generator: 100.6x40x30mm
Air Flow: 2.5L/min
Voltage: 110-220V AC
Power: 12W
Weight:0.6kg

AOT-A-500

Specification:

Ozone Output:1500mg/h
Electronic:113x48.3x31.2mm
Generator: 108x40x40mm
Air Flow: 6.0L/min
Voltage: 110/220V AC
Power: 30W
Weight:0.55kg

AOT-A-1500

Specification:

Ozone Output:2000mg/h
Electronic:113x48.3x31.2mm
Generator: 148x40x40mm
Air Flow: 10L/min
Voltage: 220V AC
Power: 35W
Weight:0.75kg

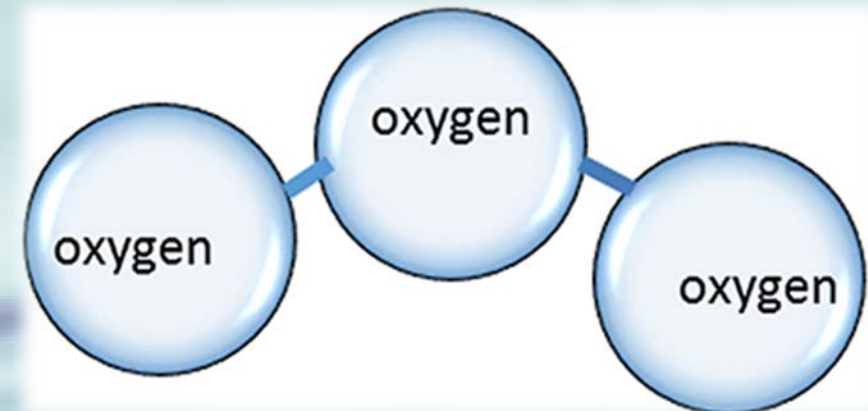

AOT-A-2000

Portable Ozone Generator

Aquapure portable ozone generator is available for medical and water/air treatments, it could improve the air quality, killing bacterial, stopping mold growing and removing odour etc.

These model uses the latest Duran /Quartz & 316 Stainless Steel Tube/Titanium Tube , support multipurpose.

Portable ozone generator-- AOT-PD-500

Specification

Ozone Output	: 500mg/H @2.5L/min, RH 20% ,25 °C, dry air
Application	: Water and air purification
Power	: 110-220V AC, 15W
Size	: 175 x 87 x 80 mm
Weight	: 1.5 kg
Material	: stainless steel &Duran tube
Warranty	: 1 year from shipment date
Housing	: ozone resistant 304 S.S
Certification	: RoHS, CE, LVD, EU MD

Portable ozone generator-- AOT-PA-1500 AOT-PA-2000

Specification:

- Ozone Output: 1500mg/h or 2000mg/h, optional
- Power Input: 110/220V AC, 50/60Hz
- Rated Power: 60W/65W
- Timer Setting: 0-99 hours digital countdown
- Technology: Corona Discharge
- Generator Material: 316S.S electrode & quartz tube
- Size: 286.5*162*178 mm
- Weight: 6kg with package

Portable ozone generator-- AOT-PA-3000 AOT-PA-4000

Specification:

- ❑ Ozone Output: 3000mg/h or 4000mg/h, optional
- ❑ Power Input: 110/220V AC, 50/60Hz
- ❑ Rated Power: 90W/100W
- ❑ Timer Setting: 0-99 hours digital countdown
- ❑ Technology: Corona Discharge
- ❑ Generator Material: 316S.S electrode & quartz tube
- ❑ Size: 382 x 203 x 234 mm
- ❑ Weight: 8kg with package

Medical Ozone Generator

AQUAPURE medical ozone generator is using German latest corona discharge technology. To ensure the machine with a high performance, we use accurate quartz tube and Titanium electrode for the generator part, this is a small compact & economic design, easy operating and various concentration from 10-100 µg/ml, user can choose what concentration they would need to have according to our machine’s capacity.

Ozone Concentration	: 10-100mg/L adjustable with oxygen
Material	: Titanium electrode & quartz tube
Application	: Medical application
Power	: 110-220V AC, 15W
Size	: 206x 180 x 105 mm
Weight	: 3 kg
Design	: Built-in ozone destructor

AOT-MD-500

Commercial Ozone Generator

Aquapure series of Commercial Ozone Generators are the smallest products in size and weight all over the world, when comparing to other ozone generators in markets. AQUAPURE Series of Industrial Ozone Generator can be widely applied in varied industry for sterilize and disinfect, etc. You can save lots of cost because of their small size and high performance.

- Ozone Output: 4-10g/h, adjustable
- Power Input: 220V AC, 50/60Hz
- Rated Power: 370W
- Size:301x277x393 mm
- Weight: 19kg with package
- Certification: CE & RoHS

AOT-10G

11

Built-in oxygen concentrator

The background of the slide is a dynamic image of water splashing, with numerous bubbles and droplets captured in motion. The water is a deep blue color, and the splashing creates white foam and highlights. The image is framed by light blue curved borders at the top and bottom.

Ozone Water Purifier

AQUAPURE Ozone Water Purifier is an environmental friendly appliance for residential laundry, kitchen washing, pet sterilizing ,etc. It is designed to clean your water and adding ozone to the cold water to disinfect the water and also the things you wash. With the efficiency of sterilizing, disinfecting and purifying water, it is ideal for your water treatment.

Ozone Water Purifier- AOT-WP-01

Using ozone activated water purifier in the kitchen and bathroom, you can remove most of the unwanted substances in the water.

Do you worry your foods such as vegetables, fruit, fish and meat are with bacteria, germs and insecticides?

Are you dreaming washing your clothes without detergent?

Now, you don't need to worry anymore and achieve your dream just by opening the water tap. It is a sensible way to live healthier.

Specification:

Ozone output: 500mg/h

Ozone concentration: 0.4-0.8mg/L

Power Input: 110-220V AC

Rated Power: 36W

Size: 367x98x277 mm

Weight: 4.0kg

Certification: CE & RoHS

Ozone Water Purifier- AOT-WP-03

Specification:

- ✓ Ozone output Ozone output: 400mg/h
- ✓ Voltage: 110/220V, 50/60Hz
- ✓ Timer: 5,10,15,20,25,30 mins
- ✓ Rated Power: 12W
- ✓ Size: 188x 70 x 268 mm
- ✓ Weight: 1KG
- ✓ Certification: CE & RoHS
- ✓ Application: water/air treatment

Tap Ozone Water System

AOT-NJ-01

AOT-NJ-03

Come with tap

Patent

The Aquapure water ozonator introduces the mature and advanced on mix ozone and water technology, to make sure appropriate gas-liquid mixing proportion, we are using a simple but with patent mixer from Germany which called it "Neojet ", When connecting the Neojet system with your water tap, ozone will mix into the water quick automatically , with this high efficient mixing process, cleaned water will comes out automatically from your faucet.

Specification:

Ozone output: 200MG

Ozone concentration: 0.2-0.5 PPM in water

Power Input: 12V DC

Rated Power: <8W

Operating temperature: 4.5-48°C

Pure water capacity: 3-7L/min

Size: 150x110x48mm

Certification: CE & RoHS

Only a few minutes to improve air quality, sterilize germs, and create a healthier environment to Live in.

Ozone Air Purifier

It can work as:

- Refrigerator Purifier
- Fruit Bowl Air Purifier
- Bedroom Air Purifier
- Cupboard Air Purifier
- Shoe Cabinet Air Purifier
- Toilet /Bathroom Air purifier
- Car Air Purifier

1. 4-AA Batteries Operating
2. Adapter With USB Cable Operating

Rated Voltage	5V	Rated Power	<0.2W
Operating R.H range	5-85%	Operating temperature range	5-45℃
Ozone concentration	<0.05ppm (50cm distance)	Ion concentration	= 2×10^6 pcs/cm ³ (10cm distance)

HP-D-04

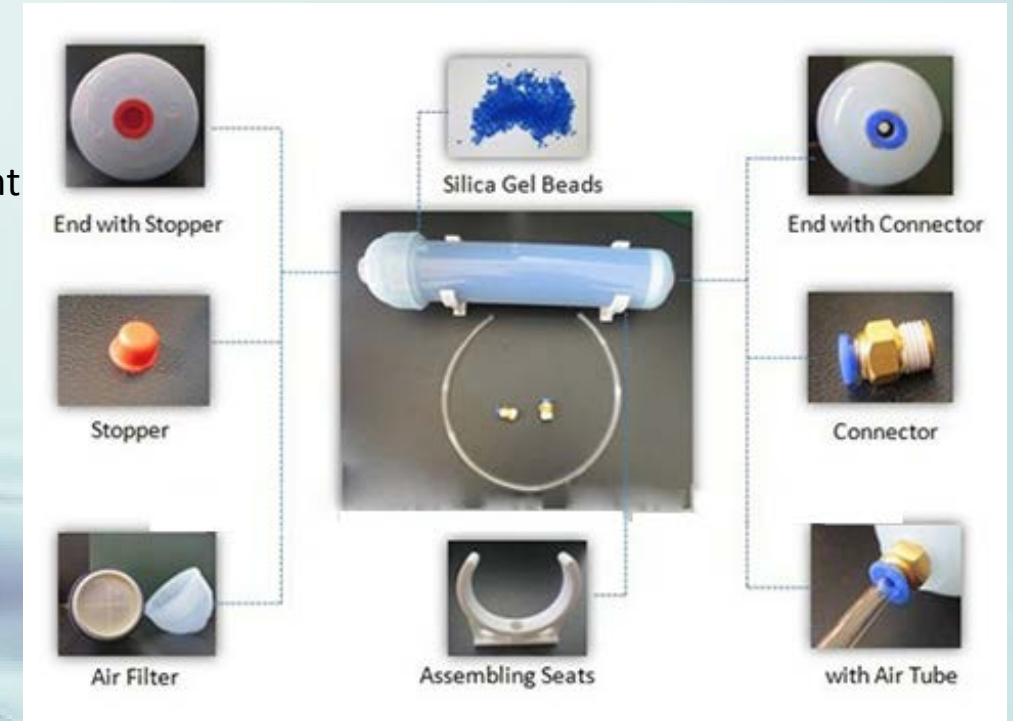

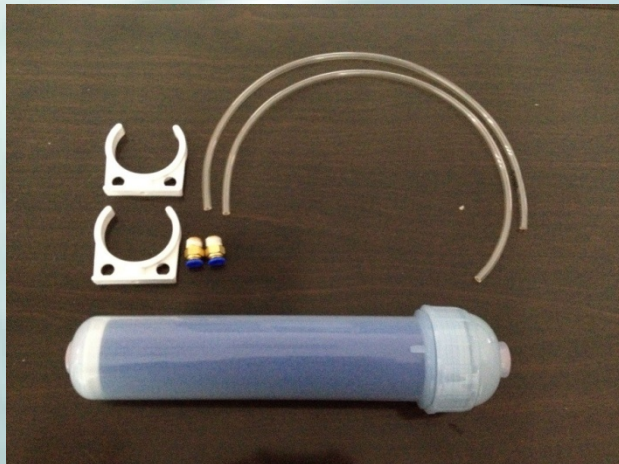

Mini Air Purifier---Healthy Protector

Air Dryer

Product Description :

The AQUAPURE air dryer is filled with Silica gel beads which are highly absorbent when removing moisture from the ambient air.

1. Increase the efficiency of your ozone generator.
2. Stop particles from entering your ozone generator by its filters
3. Change colour from blue to pink when full with moisture.
4. Can be easily recharged by putting the whole unit into an oven or microwave.
5. 500ml volume, 0.56kg
6. Wall-mounted design
7. Size: 291 x 60 x 60 mm
8. No need power

AOT-AD-01

Ozone Destructor

Product Description :

This catalyst is used to effectively destroy ozone emitted from various off-gas emissions, converting ozone to oxygen since it is a true catalyst it is not consumed during the destruction of the ozone, so its lifetime is extensive. Inlet ozone concentration has no bearing on the design of the destruct system with our catalyst.

AOT-OD-20

Connector : PVDF material

Particle size : 4.8 x 2.4 mm

Density : 850 kg/m³

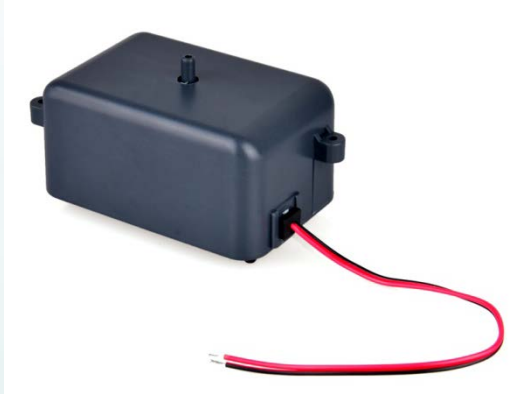

Product : 215x18x18 MM

Weight : 0.2 kg

Storage condition : Cool and dry area

Accessories

Air Pump

Specification:

AOT-AP-300

Input Voltage: 110/220V AC, 50/60Hz
12V DC optional

Size: 72x37x32mm

Air Flow: 3.5L/min without load
: 2-3L/min with load

Power: 1.8W

Weight: 0.1kg

With gas inlet and outlet

Specification:

AOT-AP-800

Input Voltage: 110/220V AC, 50/60Hz
12 V DC optional

Size: 115x62x62mm

Air Flow: 14L/min without load
: 7-8L/min with load

Power: 3.5W

Weight: 0.28kg

With gas inlet and outlet

Specification:

AOT-AP-2500

Input Voltage: 110/220V AC, 50/60Hz
Size: 132.8x120x82mm

Air Flow: 25L/min without load
: 15L/min with one load

Power: 22W

Weight: 1.0kg

With gas inlet and outlet

Accessories

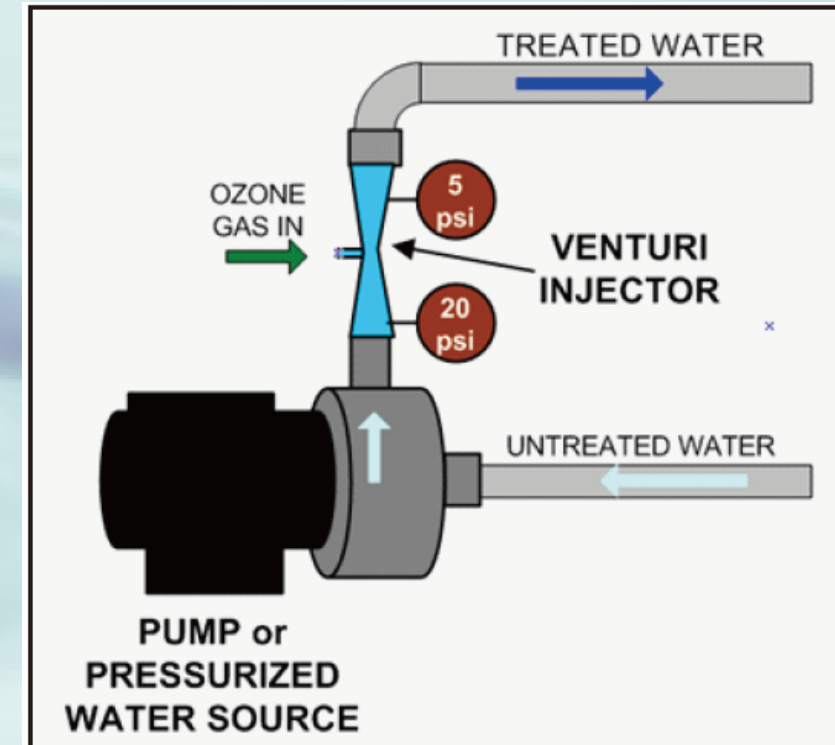

Venturi

Specification:

- ◆ 1/4": 0.05-0.25m³/hr, 60mm
- ◆ 1/2": 0.20-1.0m³/hr, 100mm
- ◆ 3/4": 1.0-3.0m³/hr, 152mm
- ◆ 1": 3.0-10.0m³/hr, 230mm
- ◆ 2": 25-50m³/hr, 295mm

Advantage for water treatment:

- Mass transfer efficiencies up to 98%*
- Works well in pressurized streams
- Minimal maintenance required
- More controlled & consistent over time

Diffuser stone

Type:

- ◆ Diffuser stone
- ◆ 316 S.S diffuser
- ◆ Titanium diffuser

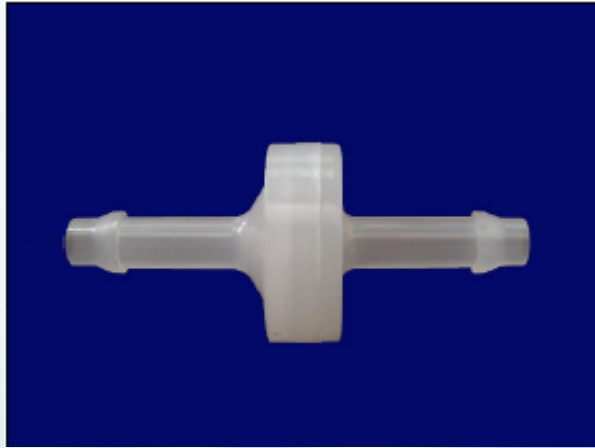

Advantage for water treatment:

- Low cost
- Easy to setup
- Low energy-doesn't need venturi

Accessories

Check valve/Silicone Tube

Specification:

Size: 36x19mm
Connector: OD5.8mm
For air flow: <1.4L/min
Material: Viton (PVDF available)
Weight: 0.002kg

Specification:

FDA standard
Size: 7x4mm or 8x4 mm
Thickness: 1.5mm
Material: Silicone (FDA)
Color: transparent
Ozone resistance

Specification:

Industrial use
Size: 8x4mm
Thickness: 2mm
Material: Silicone
Color: black
Ozone resistance

Accessories

Connector

Specification:

Size: 40.5 x 11 mm
Diameter: OD5mm, ID3.4mm
Material: 316 stainless steel
Weight: 8g
With washer/spring washer/nut

Luer lock specification:

Material : 316 Stainless Steel
Inner Diameter : 5.0 mm
Outer Diameter : 7.8 mm
Length : 29.4 mm
Weight : 8g
With washer/spring washer/nut

Specification:

Material : PP/PVDF
Diameter : OD4.8mm
Length : 43.5 mm
Weight : 2g

Accessories

Oxygen regulator

AOT-OR-870

For medical oxygen tank

AOT-OR-BN1

For industrial oxygen tank

- Oxygen flow: 1/32, 1/16, 1/8, 1/4, 1/2, 3/4, 1, 1.5, 2, 3, 4 L/min
- Tube connector: Barb type (DISS optional)

AOT-OR-540

Wrench fasten

AOT-OR-BN2

Hand fasten
